HELP

I took an oath at 17 years of age, along with soldiers, sailors, policemen, politicians to defend the Constitution against all enemies, domestic and foreign. I actually read it and realized there was no expiration date. As Franklin said when asked what form of government they had wrought, "A Republic, if we can keep it." Under our new plan there are many ways to work with us and make a difference and make a dent in the plans of the New World Order to enslave and regulate us! Get started, Call 888-678-1444.
